

Solar Water Heater (ETC System)

Model No & Capacity

Model No	Capacity (LPD)
SSS/SWH-100	100
SSS/SWH-200	200
SSS/SWH-300	300
SSS/SWH-500	500
As per requirement we can customized the bigger system	

Technical Specification:

Solar Collector	Tank	Accessories
Hail proof	SS inner tank	SS support stand
Efficiency of over 70%	Glass-linked for specific applications	Temperature sensor
10-Year limited warranty	PUF insulation	Easy Connect®
Protective covers	Pre-painted steel shell	Optional electric heater

BENEFITS:

- Hight-efficiency collectors
- Optimal performance even in low ambient temperatures
- Minimal footprint
- Zero maintenance
- Pay back-within 1/2 yrs

IDEAL FOR:

- Homes
- Hospitals
- Schools
- Hotels
- Shopping Malls
- Public Areas

FEATURES:

- Revolutionary collector technology
- Stainless steel/glass lined Inner Tanks
- PUF insulation
- Application specific solutions
